Nour Aldin Mohamed

Frontend Developer

Egypt, Cairo (+20) 1009849060 nouraldinmowork@gmail.com https://github.com/NourMo1

Objective

Frontend Developer with a background in Computer Engineering, experienced in building responsive web applications using React.js, Next.js, and Tailwind CSS. Skilled in performance optimization, API integration, and collaborative development using Git.

Experience

Frontend Trainee | DevWave Company — 2025 – Aug 2025

A leading company in integrated web solutions

- Developed responsive frontend components using React.js and Tailwind CSS.
- Collaborated with team members using Git and GitHub workflows.
- Improved UI performance and code structure following best practices.

Projects

My Portfolio | Visit — Feb 2025 – Sep 2025

A personal portfolio to highlight work and skills

- Developed a personal portfolio to showcase projects, skills, and experience.
- Implemented a responsive and clean UI/UX.
- Optimized for performance and accessibility across devices.

B.Laban Website | DevWave Training | Repository — Jul 2025 – Aug 2025

A frontend task developed during training

- Built a complete frontend solution independently using React.js due to the absence of a backend developer and UI/UX designer.
- Designed UI layouts and handled API structure simulation.

FreshCart | Route IT Training Center | Repository — Jan 2025 – Feb 2025

An e-commerce application providing a shopping experience

- Developed a responsive e-commerce application using React, with authentication, product listing, cart, and wishlist features.
- Integrated APIs and state management to ensure smooth data handling and user experience.

Education

Bachelor of Computer and Systems Engineering — 2021 – 2026

Kafrelsheikh University

Skills

Frontend: HTML | CSS | JavaScript (ES6+) | TypeScript | React | Next.js | Tailwindcss | Bootstrap | shadcn/ui | SASS | Axios | jQuery | Formik and Yup | MUI | Figma
